DecorFlou® Window

PATTERNED COLLECTION

A series of small decorations breaks up the etching of DecorFlou® Window, a glass conceived for double-glazed units to filter light and to grant privacy in the same time.

Its simple but captivating look makes it a versatile and modern alternative to printed glass.

The decorative etched glass in the DecorFlou® Window collection offers durability in time with an attractive appearance.

DECORATIVE GLASS

> *Etched float glass with small decorations*

APPLICATIONS

- DOORS
- SHOWERS
- KITCHENS
- DOUBLE GLAZED UNITS
- FACADES AND BALUSTRADES
- CONTRACT

GLASS TINTS

clear

The tint refers to the color of the float glass and is indicative. For the real tint please always refer to samples.

OmniDecor® glass design

OmniDecor is renowned for the exclusive look and the high quality of its decorated flat glass. Unique of its kind , our decorative acid etched glass originates from a selective industrial etching process in which great attention is paid to detail. Constant research and attention to style trends are our major strength.

MATERIAL

Float glass etched on one side, with small geometrical designs on the etched surface.

- Float glass UNI EN 572-2 compliant
- Weight 2,5 kg/sqm per 1 mm thickness

PROPERTIES

- High light transmission
- High opacity
- Corrosion resistant (etched surface)
- Durability of the etched surface

FINGERPRINT-PROOF
(etched surface)

RECYCLABLE

SCRATCH-PROOF
(etched surface)

REGULATORY FRAMEWORK: Light transmission – EN 410 • Scratch resistance – UNI 9428 • Corrosion resistance (etched surface) – UNI ISO 9227 • Reaction to fire – EN 13501-1.

PROCESSING

Mechanical			Thermal		Finishing	
CUTTING	GRINDING	DRILLING	TOUGHENING	BENDING	LAMINATION	PAINTING
√	√	√	√	√*	√	√

* The resistance of the etched surface during the high temperature process depends on the bending angle.

SIZES AND THICKNESSES

TINTS	THICKNESS (mm)	SHEET SIZE	
		Height (cm)	Width (cm)
CLEAR	3 / 4 / 5 / 6 / 8 / 10 / 12 / 15 / 19	225	321
LAMINATED* CLEAR	3 + 3 4 + 4 5 + 5		

* Laminated glass: single/double/triple plastics available, tinted interlayers available in grey and bronze options.
